**WE MAKE
YOUR STYLE**

ALL-OVER-PRINT

**Print your message now in all-over print
in photo-realistic digital printing!**

There are almost no limits in the choice of design, we go beyond the limits and make (almost) every wish possible!

All-over print describes the full-surface printing of textiles. In contrast to other printing methods, all-over print can be printed borderless - from seam to seam. This is possible because the material is first printed and then cut and sewn together.

**Ideal for copying corporate clothing, sports jerseys,
merchandise or casual wear.**

This technology allows even very eye-catching motifs and and complex designs can be printed in a photo-realistic and area-covering way. Especially for advertising purposes, the all-over print offers a great opportunity to attract attention over large printed areas to attract attention and to reproduce the company's clothing or uniform in detail.

The benefits:

MAXIMUM CUSTOMIZATION

Create your own design, free from print areas and color restrictions.

QUALITY MADE IN GERMANY

The shirts are made to the highest standards in Germany.

RECYCLED MATERIAL

The base material is mostly recycled plastic – including Upcycled Marine Plastic from the world's oceans. Sustainable and environmentally friendly.

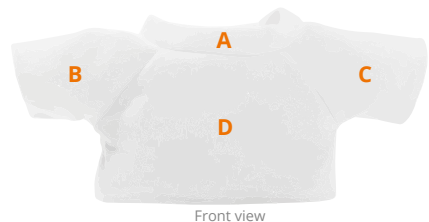

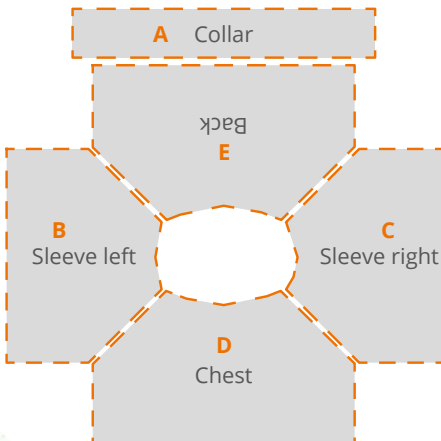

FAST & EASY ALREADY FROM 50 PIECE

Don't be afraid of large purchase quantities - the shirts in your own design are already available from an order quantity of 50 pieces.

Ready, set, go!

You can design the different print areas as you wish. The dimensions for the individual areas can be found in our print data sheets, which we will be happy to provide on request.

The data will be placed accordingly on the cutting samples and you will receive a free digital template for approval. A press proof sample is also possible upon request.
